

IV INTERNATIONAL CONFERENCE • 11-13 OCTOBER SAMARA, RUSSIA

BRAIN-COMPUTER INTERFACE 2018 SCIENCE AND PRACTICE

SUPPORTED BY:

The 4th International conference BCI: Science&Practice.Samara 2018 takes it place in Samara State Medical University on October 11-13. This one-of-a-kind Russian BCI dedicated annual conference is co-organized by the Innovation Cluster of Medical and Pharmaceutical Technologies of the Samara Region and IT Universe Ltd. The event is supported by the Government of the Samara Region and Russian Venture Company. The satellite events are provided by NeuroNet Industrial Union.

The conference agenda (see www.bcisamara.com) covers brain-computer interfaces development and application, neurorehabilitation and neuroprosthetics technologies, artificial neural networks, neural communication, virtual reality in rehabilitation and many others. The two special topics in 2018 will be artificial vision and modern motor rehabilitation.

Participants will have a number of unique opportunities to meet the world leading scientists, present a poster report (to be cited in RINC), present a section report, show your device or technology to scientific community.

The plenary session on October 11 includes reports of the leading scientists from the Keio University (Japan), the Netherlands Institute for Neuroscience, the Interdisciplinary Centre Herzliya (Israel), the Duke University and Northeastern University (USA), Moscow State University, the Institute of Higher Nervous Activity and Neurophysiology of RAS, the Kurchatov Institute National Research Centre, the Samara State Medical University. The conference also welcomes companies those develops BCI, VR and rehabilitation technologies those will present their latest products.

On October 12 the conference will continue with panel discussions and workshops on clinical application of neurotechnologies. The participants will have an opportunity to learn about the Samara Medical State University innovative infrastructure while visiting the R&D manufacturing technopark and the Centre of Advanced Studies.

The satellite events (Neurothon competition and public lectures) take place on October 13 in the Expo-Volga exhibition centre.

To take part in the conference please register at www.bcisamara.com. The poster application deadline is September 28, 2018.
